#### Second Interim General Fund School District Criteria and Standards Review

# S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

# If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Part I - General Administrative Share of Plant Services Costs	
California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (mai operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributable administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as percentage of square footage occupied by general administration.	ibuted to general

2. Contracted general administrative positions not paid through pay roll

Part II - Adjustments for Employment Separation Costs	
When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition	
to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal	
or mass" separation costs.	
Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board	
policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs	
may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation	
costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter	
these costs on Line A for inclusion in the indirect cost pool.	
Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their	
employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden	
Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal	
programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general	
administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.	
A. Normal Separation Costs (optional)	
Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that	
were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400	
rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.	0.00

unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be	
moved in Part III from the indirect cost pool to base costs. If none, enter zero.	0.00

Part IV - Carry-forward Adjustment	
The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect	
cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the	
approved rate was based.	
Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for	
use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs,	
or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than	
the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.	
A. Indirect costs incurred in the current year (Part III, Line A8)	6,686,938.97
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	477,317.87
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect	
cost rate (8.25%) times Part III, Line B19); zero if negative	67,277.91
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of	
(approved indirect cost rate (8.25%) times Part III, Line B19) or (the highest rate used to	
recover costs from any program (18.41%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	67,277.91
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which	
the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that	
the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more	
than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward	
adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward	
adjustment is applied to the current year calculation and the remainder	
is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward	
adjustment is applied to the current year calculation and the remainder	
is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	
	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if	
Option 2 or Option 3 is selected)	67,277.91
